## MERIT

- Simulates your own construction company in a competitive market
- Trains in company, business and financial management
- Improves team working, communication and IT skills
- Develops analytical and problem solving techniques
- Is a cost-effective and dynamic training tool

## The Competition

- Is open to all Construction professionals in teams of up to 6 members acting as company executives
- Allows participants to take part from their workplace
- Contributes to CPD programmes
- Runs January - April 2012, with the Final held at Loughborough University in April
- Grant Aid available from CITB Construction Skills

*"MERIT offers valuable experience and insight into the construction business"*

Bruce Richards, Costain Carillion Joint Venture

*"an interesting and informative - but also fun - training project"*
