# MERIT 2012

*The 22nd International Construction Business Game*

*Supported by the Institution of Civil Engineers since 1988*

## MERIT

- Simulates your own construction company in a competitive environment
- Trains in company, business and financial management
- Improves team working, communication and IT skills
- Develops analytical and problem solving techniques
- Is a cost effective and dynamic training vehicle
- Has had over 23,000 past participants

## The Competition

- Open to all construction and related professionals in teams up to six acting as company executives
- Allows participants to take part from their workplace and in the evenings
- Contributes to CPD
- Runs January to April 2012 with the Grand Final at Loughborough University
- Grant aid available from CITB Construction Skills
- A Silver Salver awarded by ICE to the winners plus a prize from CITB
